Re: Anyone converted a Honda GX390 to Electric Start? I put an engine on the passenger side of my home made dump truck to power the hoist, but I wanted to start it from the drivers side. It was a simple feat to just add a longer rope and run it through EMT.

Anyone converted a Honda GX390 to Electric Start?

Honda was Not very forthcoming on their information. Service manuals are even hard to come by. Dealers must take a test and pass just to be allowed to file a warranty claim. I must be honest and say Usually when I have someone trying to add electric start to an engine that did not have it before, I try as hard as I can to talk them out of it.
